

Clay Lube Concentrate

Lubricant for paint cleaning clay

servFaces Clay Lube Concentrate is a highly concentrated lubricant concentrate for use with cleaning clay and cleaning pads. The product creates a highly effective lubricating film on the surface, which greatly reduces scratching. The product can be wiped off without leaving any residue and therefore does not leave a greasy film on the surface.

Areas of application:

Smooth surfaces such as paint, glass, chrome, and stainless steel

Properties:

- Silicone-free
- Does not dissolve cleaning clay
- Highly lubricating
- Highly concentrated

Use:

Mix servFaces Clay Lube Concentrate with water (demineralized water recommended) in a ratio of at least 1:9 and spray onto the surface to be cleaned. Remove deposits with Clay & Clean cleaning clay and light pressure. Then remove any residue with a microfiber cloth. Depending on the type of application, the product can be diluted up to 1:12.

Caution: Do not use in direct sunlight or allow to dry!

Application temperature:
+5°C to +40°C

Lagertemperatur:
+10°C to +25°C

pH value:
8,9

Storage and shelf life:
At least 12 months at room temperature in tightly sealed original container stored upright
