

Polishing Pad TS 10 PRO

Polishing sponge for orbital polishers

The TS 10 PRO polishing pad (grey) is specifically designed for use with orbital polishers. This coarse, highly abrasive, open-cell polishing sponge is compatible with a variety of polishes, making it a versatile all-rounder. It is particularly suitable for removing deep scratches and paint defects on heavily weathered paint surfaces. Thanks to its dimensionally stable structure, the polishing sponge maintains its polishing performance even during extended polishing sessions. This makes the polishing pad highly durable, efficient, and sustainable.

Areas of application:

Free-spinning and gear-driven orbital polishers

Color:

Grey

Use:

Heavy Cut

Properties:

- Open-cell
- Dimensionally stable under heat
- Reinforced, 2-layer hook-and-loop velour backing

Recommended grinding pastes:

Pre-Cut, Heavy Cut

Shape:

Trapezoidal shape with slightly rounded edge

Material:

Polyurethane foam, polyamide velour

Care instructions:

Rinse off coarse polish residues by hand using lukewarm water. Gently knead the polish residues out of the pores with your thumbs. For deep cleaning, use an all-purpose cleaner such as Allround Cleaner or Multi Clean PLUS. Continue rinsing and kneading the polishing sponge until the water runs clear and no residues remain in the sponge. (Optional: Machine wash the polishing sponge at 40 °C.) After cleaning, shake the sponge thoroughly and allow it to air dry.

Variants:

Art. No.:	Sponge size:	Velour size:	Mounting hole:	Content:
SF10465	Ø 100 mm, 22 mm thick	Ø 80 mm	Ø 15 mm	1 piece
SF10465.1	Ø 150 mm, 22 mm thick	Ø 130 mm	Ø 22 mm	1 piece
SF10465.2	Ø 170 mm, 22 mm thick	Ø 155 mm	Ø 22 mm	1 piece
