

Insect Remover (ready-to-use)

Ready-to-use insect remover

Insect Remover (ready-to-use) is a specially developed cleaning agent for the non-abrasive removal of insect residues on glass, paint, chrome and plastic surfaces (solvent-free). The traditional formulation opens thick and hard residues even faster and softens them to allow gentle removal without exposing the surface to stress. Insect Remover (ready-to-use) is tested for paint and synthetic material compatibility. It is ideal as a pre-cleaner for car washing and also removes oil, grease and carbon black.

Areas of application:

- Cleaning of all types of vehicles
- Acryl glass / Polycarbonate
- Ideal for cleaning servFaces-coated surfaces

Properties:

- Gel formulation for the best performance
- Suitable as a pre-cleaner as well
- Material friendly
- Powerful

Use:

Spray the product thoroughly onto the dry and cool surface to be cleaned from a distance of approx. 20 cm and let it work for 2 - 5 minutes. Then simply and gently wipe off the residues with water or detergent solution (servFaces Wash Concentrate) and a soft sponge or a wet microfiber cloth. Afterwards, rinse the surface with plenty of water or wash the vehicle as usual.

Caution: Do not apply the product in direct sunlight and do not let it dry!

Application temperature:	Storage temperature:	Consumption:	pH:
+5°C to +40°C	+10°C to +25°C	10 to 15 ml per m²	9.6

Storage and shelf life:

At least 12 months at ambient temperature in tightly sealed original container

Protect from direct sunlight and freezing temperatures!
