

Heavy Cut

Micro fine abrasive paste

servFaces Heavy Cut is a modern, silicone-free and efficient abrasive paste for quick refurbishment of heavily weathered paintwork and for the removal of deep scratches. The polish effectively removes paint mist and sanding from grit size P1200 upwards. Due to the highly abrasive and very uniform grit, servFaces Heavy Cut produces a high cut with a medium to high gloss grade. With servFaces Heavy Cut you can polish for an extremely long time with little dust and spattering without the polish burning in. servFaces Heavy Cut is very easy to wipe off with the Premium Buffing Towel and is excellent for all types of paintwork, both soft and scratch-resistant.

Areas of application:

Suitable for paints on cars, motorcycles, commercial vehicles, etc.

Properties:

Grinding grade: 10.0

Gloss grade: 6.0

Use:

Apply servFaces Heavy Cut evenly to the surface to be worked on and polish using a rotary polishing machine with the servFaces lambskin polishing pad (for grinding from grit size P1200) or a servFaces heavy cut polishing sponge (for grinding from grit size P2000) in a crosswise motion at medium speed and medium pressure. For processing using an eccentric polishing machine, please use a servFaces heavy cut polishing sponge. To remove polish residues, it is best to use a microfiber cloth such as the servFaces Premium Buffing Towel. The best possible surface is achieved by repolishing with servFaces Medium Cut and Fine Cut.

Caution: Do not apply the product in direct sunlight and do not let it dry!

Warning:

Shake well before use. Check for suitability and compatibility before use. Do not apply to hot surfaces and protect from excessive heat and frost.

Application temperature:
+10°C to +40°C

Storage temperature:
+10 °C to 25°C

Consumption:
6 to 10 ml per m²

pH:
Not determined

Storage and shelf life:

At least 12 months at room temperature in tightly sealed original container.

Protect from direct sunlight and freezing temperatures!

Container sizes:

Art. No.:	Container:
SF10421	250 ml
SF10421.1	1000 ml

Accessories:

HSC Heavy Cut Polishing Sponge, polishing sponge V1, polishing sponge V2, polishing sponge RT/V1, polishing sponge RT/V2, lambskin polishing pad V1, lambskin polishing pad V2, lambskin polishing pad V3
